At *NAILS*, we are committed to ensuring that the next generation of professional nail technicians gets top quality education. Because of that commitment, we want to give you a valuable resource for your students. That resource is *NAILS Magazine*, the leading publication for the professional nail industry. With our “**Partners in Education**” program we provide certificates for free six-month subscriptions to nail care students and free subscriptions to schools and instructors who participate in our program.

The “**Partners in Education**” program is designed to introduce graduating students to the continuing education value of *NAILS Magazine*. As a member of the “**Partners in Education**” program, you will receive:

- **Complimentary subscription** to *NAILS Magazine*, which will be sent to your school. Each month you’ll receive *NAILS Magazine* to use as a teaching tool or for your school library, plus you will receive a copy of our annual industry Big Book.
- **Free copies of the Career Handbook**, an annual resource designed to help students with their transition from school to salon by providing them with useful tips and articles.
- **Customized free six-month subscriptions** to *NAILS Magazine* with your school’s name on it. You can distribute the certificates to your nail care students. The certificate will also allow them to automatically extend their complimentary subscription for an introductory rate.
- **Free copies of VietSALON**, our Vietnamese language publication for salon professionals (students or working professionals).
